ALL EYES ON WASHINGTON

Announcement of Place of Meeting of Peace Commissioners Expected to Come From U. S. Capital.

RUSSIAN FOREIGN OFFICE OPTIMISTIC

Foreign Minister Lamsdorf Reported to be in Jubilant Mood Regarding the Peace Situation—French Ambassador Confers with Mr. Meyer—No Russo-Japanese Alliance Probable.

St. Petersburg, June 14.—An early announcement of the time and place for the meeting of the Russian and Japanese plenipotentiaries is expected to come from Washington as a result of the exchanges between the belligerents on that subject now proceeding there through Count Cassini and M. Takahira with President Roosevelt as the intermediary. In diplomatic circles the report is current that Russia whose choice of place continues to be Paris is ready to allow President Roosevelt to decide that point in which case there is reason to believe the president may name Manchuria but the report cannot be confirmed.

Ambassador Bompard, who has returned from Paris, was closeted with Ambassador Meyer Tuesday afternoon. Count von Alvensleben, the German ambassador, was also among the American ambassador's callers.

Despite the rather pessimistic official utterances of the foreign office, the atmosphere there is distinctly optimistic and an European ambassador who saw Foreign Minister Lamsdorf Tuesday described the Russian minister as being almost in a jubilant mood. The opinion is practically unanimous that if Emperor Nicholas avails himself of M. Witte's service, once it is decided the Japanese conditions cannot be accepted for a basis for peace negotiations, he will be able to make the best terms for Russia.

An eminent diplomat in conversation with the correspondent of the Associated Press referring to the possibility of a Russo-Japanese alliance succeeding the war said that he considered that a defensive agreement is entirely unlikely. He added: "If Russia were still the big end of the combination as was the case when she rejected, against M. Witte's advice, the alliance offered by the Marquis Ito, compelling the emperor of Japan to turn to Great Britain, an offensive and defensive alliance might be possible. But considering the fact that the British alliance has rendered it possible for Japan to fight Russia for the establishment of her position in the Far East I consider it out of the question that Japan will bind herself in such a manner as might compel her to assist Russia in the event the Russian emperor's government later concluded to make an attack on India. This is the most improbable inasmuch as Great Britain is anxious not only to renew but to strengthen her alliance with Japan."

It is pointed out that a formal armistice between the two great armies facing each other on the plains of Manchuria hardly will be arranged until the peace conference shall take definite form. The suggestion is made, however, that in view of the pending negotiations neither the Russian nor the Japanese government would permit another general engagement to occur.

The subject of the pending negotiations was considered in an informal way at the cabinet meeting Tuesday, the president receiving the congratulations of the members of his cabinet on the result of his negotiations. Assurance is given that no important decisions bearing upon the negotiations were reached.

Ex-Confederates at Louisville.
Louisville, Ky., June 14.—Although the reunion of the United Confederate Veterans does not open until Wednesday, train after train arrived Monday bringing veterans and their friends and as some started from their destinations only Tuesday, it is not expected that all will be in attendance when the first session of the annual meeting is called to order. The city is profusely decorated. The special trains bringing Gen. N. R. Tisdal, commander in chief of the Sons of Veterans and his party from Texas, are expected late Tuesday afternoon.

Patrick Must Die.
Albany, N. Y., June 14.—The court of appeals Tuesday refused to grant a stay of execution of the death sentence to permit a motion for reargument in the case of Albert Patrick convicted of the murder of Wm. M. Rice. The court which will adjourn on Friday until October will fix the date of execution before its adjournment.

Confirmed the Associated Press.
London, June 14.—Baron Hayashi, the Japanese minister, has received a copy of the Japanese reply to President Roosevelt. It is identical in terms with the Associated Press announcement of its contents made on Saturday last from Tokyo.

Russian Troops Repulsed.
Tokio, June 14.—It is officially reported that on June 11 some mixed columns of Russian troops attacked in the vicinity of Yinchenbong Ershihlipao and Shufanetai. All the attacks were repulsed. The losses are not stated.

A thorough enforcement of the anti-lottery laws is urged on postmasters and all other postal employees in a general order recently issued by Postmaster General Cortelyou.

EXCURSIONISTS WRECKED

Southern Railway Train Bound for Louisville, Derailed Near Golden Gate, Ill.

ONE PERSON DEAD AND FIVE INJURED

Cars Were Filled With Confederate Veterans and Their Families on Their way to the National Re-Union—Engine Turned Completely Over, Burying the Fireman Beneath It.

St. Louis, June 14.—The local office of the Southern Railway has received the following report of the wreck near Golden Gate, Ill. One person has been killed and five injured in a wreck of a special train, one half mile East of Golden Gate, Ill.

J. D. Johnson, fireman was killed. The injured are: William Gratz, engineer; Henry Lancaster, Paragould, Ark.; A. B. Hayes, Paragould, Ark.; Leander Thompson, Paragould, Ark.; W. C. Peeler, Cotton Belt railroad.

The train which consisted of a baggage car, smoker, four chair cars and two Pullman sleepers, was carrying confederate veterans to the reunion at Louisville. Shortly after passing Golden Gate, the engineer left the track, turning over and burying the fireman beneath the wreckage. The cars immediately following the engine overturned just before reaching a trestle, but the heavier sleepers maintained their balance and passed over the trestle.

Another Account.
Princeton, Ind., June 14.—A special train consisting of a baggage car, a smoker and four chair cars on the Southern Railway, carrying confederate veterans to the reunion at Louisville, plunged through a bridge over the Little Wabash river Tuesday at Golden Gate, Ill., 37 miles West of here.

William Gratz, the engineer, is dead, and J. B. Johnson, the fireman, is missing. He is believed to be under the engine. It is reported that seven passengers were killed but this has not been verified. A special relief train carrying surgeons has gone to the wreck. The injured will be brought here. As the train started over the bridge the timbers sank and the engine plunged into the water, followed by the coaches.

Following is a correct list of dead: W. C. Peeler, district passenger agent Southern Railway, Memphis, Unknown woman, 1, 1 Eples, Greenway, Ark.; J. D. Johnson, fireman. Seriously injured: Henry Lancaster, A. B. Hayes, Leander Thompson, residences not known and William Gratz, engineer. The list of wounded will number 15 or 20 and possibly more. The accident occurred at the approach of the bridge. The cause is not known.

Senator Mitchell Loses a Point.
Portland, Ore., June 14.—The first skirmish before Federal Judge John de Haven in the trial of United States senator John H. Mitchell, charged with using his public office for private gain against the distinguished defendant Tuesday when Judge de Haven gave his decision on the arguments presented Monday to the demurrer of the defendant's counsel to the indictment. The demurrer was overruled. Next Tuesday was set as the day for the trial of Senator Mitchell.

A Santa Fe Oil Agent.
Topeka, June 14.—J. R. Koontz, general freight agent of the Atchison, Topeka & Santa Fe, has issued a circular announcing that "W. T. Trehaven, division freight agent, Chanute, Kan., will have immediate jurisdiction over matters pertaining to the growth and development of the oil industry in Kansas." Mr. Koontz said that this is a new position created to look after the oil shippers' interests corresponding to the position of live stock agent, already in commission.

Premier of Greece Stabbed.
Athens, Greece, June 14.—Premier Delaganiis was stabbed in the stomach and dangerously wounded at five o'clock Tuesday afternoon by a gambler named Gherakaris. The premier was ascending the main stairway of the chamber of deputies when his assailant rushed out from a place of concealment and inflicted the wound. His assailant was arrested.

Americans Will Compete.
London, June 14.—After several disappointments the Americans of London have succeeded in forming a polo team to compete for the James Gordon Bennett cup in Paris June 17. It is composed of Insley Blair, Robert Collier, Frank Mackey and Craig Warrworth. French and Spanish teams have entered and it is probable that no English team will compete.

R. R. MEETING.

The Business Men Meet and Dis- cuss the Proposition

Last night a large number of business men assembled at the court room and discussed the question of raising the bonus for a third railroad.

The meeting was called to or- der and W. C. Duncan was elec- ted chairman.

Interesting talks were made by Beard, Holt, Hardin, Ennis, Hol- ley, and Duncan each speaking favorably of the proposition and showed the advantages that would be derived from a third road.

Much interest was shown by every man present and agreed by standing, when the question was put, that they would work with the committee and pull for the success of the project.

A motion made by Mr. Beard, prevailed that the central com- mittee which is composed of Jno. Rinard, Jno. Beard, A. K. Thorn- ton, J. W. Hays and Tom Hope, be authorized to divide the town into wards, appoint sub com- mittees and prosecute a systematic canvass for subscriptions to the bonds.

This committee met at Doss' office this morning and divided the town into eight districts and appointed committees for each district.

Below is given the boundry of sections and names of committees appointed for each.

First district—Old town north of 5th and west of Broadway.

Second district—East of Broad- way and north of Main to Katy R. R.

Third district—North of Main and west of Broadway to 5th St.

Fourth district—South of Main and East of Broadway to 15th street to Katy R. R.

Fifth district—South of Main West of Broadway to 15th street to Daggs Addition.

Sixth district—All South of 15th street from Katy R. R. to Daggs Addition.

Seventh district—Daggs Addi- tion and Park or school house add.

Eight district—Sunrise and outside land holders.

Territory Notes

The Woodmen and their ladies of Ravia and Mannsvills gave a picnic at Ravia Monday.

Muskogee is also licking her chaumps at the mention of the Katy's proposed million dollar shons.

The federal authorities are dealing strenuously with those wildcat insurance companies pre- valent in some portions of the Indian country.

The musically inclined at Chel- sea have organized a brass band and are educating themselves in the passionate art.

The residence of Sherry Spann at South McAlester burned Sun- day night together with the con- tents. The loss was about \$1,500 with \$500 insurance.

The business men and farmers of Ravia have organized a good roads club and are going after better public highways.

Newspaperdom in Byard has undergone a change and W. M. Jackson now performs the func- tion of waving the Banner there. He is the new editor.

A huge tent with a seating capacity of over 1,500 has been erected on a vacant lot at Ard- more, under which the second an- nual meeting of the Southwestern Bible Conference will be held, beginning today.

Nature has given Ada another pretty surprise in the gift of a fine deposit of oolite limestone of such quality that there is no com- petition in its class west of Be- ford, Ind. For which the finders are doubtless much obliged.

According to indication, all over the territory the republicans are tooth and toenail in the work of converting the faulbloods of the country to the republican creed. Reports say the democ- rats are laying down on their jobs in this respect.

There is a section of land near Stringtown that promises to at- tract fully as much attention in the very near future as did that now famous tract at Beaumont, Texas. Visions of oil floods may have no particular terrors for the natives in that vicinity, but it is more likely that there will be some-what dirt digging when the time comes.

BANDITS AFTER TREASURE.

Proceeds of 101 Ranch Saved At- ter Race and Gun Fight.

Bliss, Ok., June 14—An at- tempt was made between mid- night and daylight Monday morning by desperadoes to hold up the treasury party carrying the \$40,000 taken from the show on the 101 ranch Sunday.

It would have succeeded if the automobile in which the treasure was carried from the Miller brothers ranch to Ponca, to be placed in a bank, had not outrun the horses of the bandits.

As it was there was a brisk gun fight between the party guarding the treasure and the bandits. Noody was hurt, but the speed regulators was shot off the auto- mobile.

TAKEN FROM OFFICE.

Chief Clerk of Agency at Muskogee Removed.

Washington, June 14.—J. F. Wisdom, chief clerk of the Union Agency at Muskogee, was removed from office Tuesday by Secretary Hitchcock, for insubordination. This action resulted from the refusal of Wisdom to carry out the instructions of the interior department with reference to the enforcement of the tribal taxes in the Creek Nation.

When J. B. Schoenfeldt reigned as agent, Wisdom was designated acting agent and as such was directed by Mr. Hitchcock to co-operate with the Indian Inspector J. George Wright, in closing the places of business of these merchants who resisted the efforts of the Indian policemen to force payment. This he refused to do, and by order of the Secretary he was suspended pending an investigation, which led to his removal.

Wisdom has been in the Government service since 1894. As a chief clerk in the Union Agency he received \$1,800 a year. His father was formerly agent at Muskogee.

A Bad Scare.

Francis Happinings

Doings and Goings of Our Neighbors on the North

Marshal Hoar and Dr. J. W. Davenport who made a trip a few days ago to Dardelle Ark., to identify one G. M. Williams, a fugitive from justice from this territory have returned and report that the authorities there had the wrong man.

Francis has formed a fishing club and has purchased the necessary tackle. So the "finny tribe" is likely to suffer if the members can only find leisure time enough to "wade the war." Most of the membership being naturally an industrious people, are very busy (2) just now. Wm. Pearson is president, and Hugh Twinn secretary.

Harry Stewart of The Frisco R.R. was brought before the mayor this morning and pleaded guilty to the charge of obstructing the crossing on Main street, beyond the legal limit prescribed by the ordinance of the town, and was fined one dollar and cost. We

are a busy people, and can't afford to be delayed by the carelessness of trainmen.

Our genial Frisco agent, Mr. Barnard, appeared before his honor, the mayor, yesterday and filed a complaint against two of our boys for violating ordinance No. 26, which declares that it shall be a misdemeanor for boys to jump on or off a train while the same is in motion. Marshal Skinner soon had the transgressors before his honor and after entering a plea of guilty were each fined one dollar and cost. The boys decided to "went it out" in the "cooler" and were forthwith locked up. Some of the boys are in the habit of boarding the trains while going to and from the depot to the water tank, which habit should be stopped, as they are not only violating the law, but are running a great risk of getting hurt. Let this example suffice, boys, to put an end to this practice.

WAITING FOR FRANCE.

United States and Great Britain Have Not Replied to Sultan's Request for Moroccan Conference.

Berlin, June 14.—The German Foreign office, taking cognizance of a London Times dispatch from Washington saying the United States and Great Britain have declined the invitation of the Sultan of Morocco to send delegates to a conference on the subject of the proposed reforms for Morocco, informs the Associated Press that these powers have not declined the invitation but have only indicated that they will wait and see what France will do. Premier Rouvier still holds the matter under consideration and the foreign office does not venture to speculate on what France's decision will be.

THE WAR GAME.

Fort Washington, June 14.—Information was received here Tuesday that at least half of the "hostile fleet" under Admiral Dickens was anchored off Blackstone island in the lower Potomac about 70 miles below Washington at an early hour Tuesday morning. Delay for Gaynor and Green.

This action undoubtedly will cause a delay of six weeks.

SUBWAY TRAFFIC RESUMED.

Train Service in New York's Big Tunnel was Blocked for 36 Hours by Water.

New York, June 14.—For the first time in more than 36 hours through train service in the great underground railroad system was resumed Tuesday. The tunnel, which Monday was filled with water for a distance of more than a mile as a result of the breaking of a four foot water main in the uptown district had been cleared, stalled trains had been dragged from the main line where they had stood motionless for many hours and the disarranged signal system had been temporarily repaired. When the morning rush hours came the service both local and express was almost normal and the surface and the elevated lines which yesterday were straining every faculty to accommodate the additional thousands who turned to them had been relieved.

It is estimated that fully 25,000,000 gallons of water was pumped from the tunnel before the tracks were cleared sufficiently to permit the resumption of traffic. It was between Fourteenth and Forty-second streets that the most serious trouble was encountered. There the track dips several feet below the normal level and the water gathered to a depth of many feet. The full extent of the damage caused by the flood had not yet been determined.

MORE RIOTING IN POLAND

Many Persons Killed or Wounded in an Outbreak at Brest-Litovsk Between Jews and Soldiers.

Warsaw, Russian Poland, June 14.—The outbreak of rioting at Brest-Litovsk during which according to reports many persons were killed or wounded originated in a conflict between Jews and army reserve men bound for the far east. The soldiers are said to have looted provision stores and the Jews in defending their property are alleged to have fired on the troops who returned the fire. The town now is occupied by the military.

In consequence of rumors of a general strike being planned to take place here Wednesday the authorities have issued a proclamation ordering the people not to gather in the streets and warning them that the troops will be ordered to fire in the event of disturbances.
